Welcome to the 20th Annual Git R Done Bull & Female Sale

20 years ago we took a leap of faith and decided to host our first bull sale at the farm. Many hours went into planning and preparing those first years and in 2023 we are pleased to celebrate and welcome you to our 20th Annual Git 'R Done Bull & Female Sale. Come enjoy a delicious lunch prepared by Country Hills Catering. If you are unable to join us sale day, stop by for steak supper Monday evening, the cattle will be penned for easy viewing.

Our 2023 offering consists of a very uniform group of Two Year Olds sired by Double C Fortune 575F, Valley Blossom Ambush 721F, and Spruce View Currency 108E. You will find calving ease, calving ease elite and growth bulls in both the yearling and Two Year Old pens. The Yearling pen offers unique pedigrees from the Baldridge program in Herdsman and Movin' On, both have calving ease on their side. We continue to offer 10 open heifers from our replacement pen. These ladies will add the quality of maternal genetics you are looking for. They are feminine, long and have depth of body with great hair coats. The catalog provides you with calving ease designation and performance information. If you have any questions, please do not hesitate to contact us as we would love to visit with you.

A few changes to our sale this year, the sale will be broadcast online through DV Auctions. Be sure to register early on sale day for online bidding, if you need assistance, Sarah is great to work with. If you prefer to be on the phone, we have great staff on hand to help with phone bids as well. Also check out the QR code found on page 4 for viewing the sale videos!

Follow us on Facebook and Instagram or check out our website www.windywillows.ca and the catalog for sale videos. Viewing of the offering is available anytime at the farm.

We value our business, customers and relationship within the industry so rest assure that we are committed to your success before, during and after the sale.

Michelle & Hillary

We would like to thank Tyson Petersen for working with us during the past two calving seasons

Windy Willows Farm - Box 55 Hodgeville, Sk. S0H 2B0 Michelle's Cell (306)677-7540 Hillary's Cell (306)677-7542

SOME THINGS YOU SHOULD KNOW...

- 1. INFORMATION:** We strive to provide you with useful information to help you with bull selection. In addition to the data in this catalog, current weights and scrotal measurements will be available sale day.
- 2. COWHERD:** Our cows are not pampered! They graze on swaths and native grass through the winter until calving starts at the end of January.
- 3. EPDs:** We believe that EPDs are a useful tool to help evaluate certain traits in our cattle, BUT.... Quality cattle are more important than the numbers used to describe them.
- 4. HERD HEALTH:** The Windy Willows herd is on a herd health program with the South West Animal Centre, Swift Current, SK. All Calves are Vaccinated with Nasalgen at birth and with MLV vaccine and with Clostridial vaccine in June and again at weaning. All pregnant females are vaccinated annually with MLV for IBR, P13, BVD and BRSV.
- 5. DISPOSITION:** We continue to get compliments about the disposition of our bulls from everyone who works with them. We are a family operation and disposition as important to us as it is to you.
- 6. GUARENTEE:** Our goal is to provide you with quality bulls capable of getting your cows pregnant. If anything happens to the bull you purchase let us know right away! Our responsibility does not end after the sale.
- 7. TERMS:** This sale will be conducted under the Terms & Conditions set forth by the CAA.
- 8. CUSTOMER SERVICE:** We offer free delivery within 200 miles or \$75 off if you pick up your bull on sale day. If you have any questions, or concerns after the sale... Call us first, we want to help!

CALVING EASE & CALVING EASE ELITE BULLS

The bulls have been rated for calving ease ability based on the BW EPDs and what we know about the bulls themselves and their dams.

CALVING EASE ELITE - recommended for heifers

CALVING EASE - below average for birth weight,
recommended for cows or heifers

NO CALVING EASE RANK - recommended for cows

WELCOME TO THE 20TH ANNUAL WINDY WILLOWS BULL & FEMALE SALE

Again, I am very, very proud to be able to continue to assist Michelle & Hillary in presenting their 20th Annual Bull & Female Sale. What an accomplishment!!!

The Two-year-old pen this year is the best one ever offered by Windy Willows. They are very athletic bulls with good feet and fed to perfection to cover many females for you. You will be impressed with the consistency of the bull pen. The yearling bulls this year have a various group with calving ease and power bulls throughout with the mindset of longevity built in mind. The open heifers were hand selected by the ladies and myself. You can count on these females to improve your program as they have in the past.

Michelle and Hillary continue to work hard and run the operation. We do visit a lot of the present and the future but not forgetting the past and what the Windy Willows name stands for.

If you need any assistance in your selections, please contact Roger or myself or any of the sales staff or even better give Michelle or Hillary a call to discuss your needs. See you at the farm.

Mark Holowaychuk, OBI Livestock Ltd.

BLACK ANGUS 2 YEAR OLD BULLS

We are pleased to offer 14 Black Angus Two Year olds. Our Two Year Pen is not picked over. We, along with our sale management team evaluate all the bulls as yearlings and make the difficult selections on which bulls go to which pens. These bulls have a great combination of growth and calving ease, all with exceptional hair coats. They are fed just right, not pushed. They were grassed from June until October north of the yard and then brought in and gradually fed a TMR of silage, chopped hay, rolled barley and pellets. They have a large pen for lots of exercise and develop properly to ensure you get a sound, functional bull that will last you a long time. Check out the Fortune and Iron Man bulls for growth and the Ambush bulls for Calving Ease. Stop by the ranch prior to the sale for a visit and tour of the bulls.

WINDY WILLOWS MOVIN ON 5K - LOT 16

Windy Willows Movin' On 5K has a unique story. His granddam, 2Y was purchased from our 2019 Herd Reduction Sale by Belvin Angus, she was carrying a Currency 108E daughter. When the daughter became available at Belvin's 2021 Bull Sale we couldn't wait to snatch her up and bring her home. When we were unable to obtain anymore Bronc semen, Richard Carlson recommended we try Movin' On G780 from the Baldrige program; we have not regretted that advice. Movin' On is super calving ease with growth and milk. Great combination pedigree with Final Answer, Currency and Movin' On. This bull checks all the boxes!

We have offered Warrior sons in our sale for a few years and this guy is like the others. He is a growth bull out of a Young Dale Zorian daughter. This guy is one of the bigger framed bulls in the pen that is very attractive in his front end but also displays an impressive hip. Keep an eye out for this guy!

WINDY WILLOWS WARRIOR 12K - LOT 17

Windy Willows Herdsman 14K is one powerful bull you can't miss! He was orphaned at 2 months of age and has only excelled since. At the Junior Stockman's Pen Show in Swift Current he placed 3rd overall. Extremely well made, strong topped and just impressive from all sides but it's not only his looks that will catch your eye. He is out of a HA Outside daughter and Baldrige Herdsman, a half brother to Baldrige Bronc and one we've had great success with.

CALVING EASE		

BALDRIDGE HERDSMAN - SIRE OF LOTS 18 & 19

Another Herdsman son with some great numbers! 21K is very well made with extra length of spine and walks freely in the bull pen. This is a calving ease bull with a birth weight EPD of 0.0, but he'll also add growth to your calves with a yearling weight EPD of +105.

Phone: (306) 773-4121 (24 Hours) Fax: (306) 773-1811

Email: swahc@t2.net

Located on No. 1 Highway West of Swift Current

South West Animal Health Centre and Windy Willows Farms have worked closely with a formal Herd Health Agreement since 2002 to ensure the health of the Windy Willows herd. Thorough monitoring of health status and updating of vaccination/treatment protocols has allowed Windy Willows to maintain a high-health status in their herd.

Preventative medicine is an important tool utilized by Windy Willows Farms. The brood cows receive a modified live viral vaccine (Express FP5 – BVDV, IBR, BRSV, PI3), a clostridial vaccine (Covexin Plus), and a pour-on ivermectin annually in the fall. The cows also receive a scours vaccine pre-calving to ensure that the calves have a healthy start to life.

The calves receive an intra-nasal respiratory vaccine (Inforce 3 – BRSV, IBR, PI3) at birth. Before turn-out on grass, they receive a modified live viral/Mannheimia vaccine (Bovishield Gold 5/One Shot – BVDV, IBR, BRSV, PI3, Mannheimia hemolytica) and clostridial/somnus vaccine (Vision 8/Somnus). These two vaccines are repeated in September, prior to weaning, to maximize their immune response and ensure a healthy and productive growing period.

The yearlings receive Express 5 and Covexin 8 so that they are fully protected and ready to get to work once they arrive at their new homes.

Signed,

Glen Griffin DVM

We are proud to support the Canadian Angus Foundation Future 15 Program

15%
of a lot
means
a lot...

With **YOUR** help we will continue to further the Foundation's mission and the breed.

Since 2019 more than \$180,000 has been INVESTED in member education, awards, bursaries and youth scholarships.

\$230,000 invested in **ANGUS** research over the last three years leveraged an additional \$360,000 in grant funding.

\$65,000+ has been invested in history and archives, including the 2019 Canadian Angus history book.

If you are interested in giving back or learning more about this initiative, please contact Belinda Wagner, Canadian Angus Foundation Executive Director at 306-537-1518 or email bwagner@cdnangus.ca. You can also visit the Canadian Angus Foundation website at www.cdnangus.ca/foundation/.

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association. Donations are tax deductible.
